Dr. Gertrude Stacks, Pastor

June 1, 2020

From the Desk of Dr. Gertrude Stacks,

I praise God for all the benefits He has given. In the early morning of June 1, 2020, while quietly sitting, the Spirit of the Lord came unto saying, “Tell my people that I have already given what I’m going to do this year. Tell them that they must not forget the promise of the double-portion blessing that I’ve given to you to share with them on watch night.” The words He spoke are for the body of Christ as a reminder that His promise stands sure and will not fall to the ground. His word shall prosper and accomplish what He pleases (Isaiah 55:10-11).

The year 2020 is the year of redemption and the year of double-portion as God has revealed. Even in the midst of a turbulent world and global pandemic, God wants His people to be encouraged to seek Him and to get everything straight to receive the covenant-promise. Everything that we have done we will receive double for it whether good or bad. He going to pay us this year for everything we’ve sown unto Him and His Church. This includes our prayers, consecration days, sacrifices, works done in righteousness, and our alms. God is going to weigh each of us in the balance, and we don’t want to come up wanting (Mark 4:24). Let us not forfeit our blessing. This is an individual affair and God is not concerned about what you’ve done or didn’t do. He has set before us an open door. So, repent, run, and don’t look back!

Revisit the instructions that He has given (the formula to straight street and the conduct guidelines). Get in your prayer closet and shut the door. Wash your face and anoint your heads (Isaiah 26:20). Remember God’s Bounty account that He has given us. Sowing to the bounty yields a double portion blessing.

May the God of peace bless and keep your minds and hearts in Christ Jesus.

In His Service,

A handwritten signature in cursive script that reads "Dr. Gertrude Stacks".
